- The treatment paradigm for unresectable stage III NSCLC: recent clinical advances with immuno-oncology (including case study presentation and panel discussion) **Yi-Long Wu**
- Audience Q&A **Chaired by Martin Reck**

### Martin Reck (Chair)

Department of Thoracic Oncology,  
German Center for Lung Research,  
LungenClinic,  
Grosshansdorf, Germany

### Myung-Ju Ahn

Division of Hematology/Oncology,  
Samsung Medical Center,  
Sungkyunkwan University School of  
Medicine, Seoul, Korea

### Yi-Long Wu

Guangdong Lung Cancer Institute,  
Guangdong Provincial People's  
Hospital, Guangdong, China

## AstraZeneca's commitment to sustainability

**\$15.5 million**

invested in  
environmental  
efficiency projects in  
2019 (NRRGG fund)

**CPD A Lists**

One of three companies  
worldwide to achieve  
double A listing for  
Climate Change and  
Water Security for four  
consecutive years

**62% of our  
power**

is sourced or  
generated from  
renewable sources

**100% of API**

(Active Pharmaceutical  
Ingredient) discharges  
from AstraZeneca sites  
were assessed as safe

**18% reduction**

in our water use  
since 2015

**25% of our  
vehicles**

in Europe, North  
America or Japan are  
hybrid or electric

AstraZeneca is investing up to \$1 billion in a commitment to become carbon neutral by 2025 and carbon negative by 2030. Find out more about AstraZeneca's commitment to sustainability at our website.
