

Advances in Antibody Drug Conjugates in Solid Tumors: Current Treatments and Emerging Therapies

Saturday, September 18, 2021 | Channel 3 | 18:45-20:15 CEST

Objectives

- To provide an update on the current treatment landscape surrounding ADCs in solid tumors
- To discuss recent advances in ADC technology
- To share the clinical data with novel ADCs in solid tumors to date

Johann de Bono, MBChB, FRCP, MSc, PhD, FMedSci

Institute of Cancer Research
London, UK

Nadia Harbeck, MD, PhD

Breast Center, Dept. OB&GYN
and CCC^{Munich}
LMU University Hospital
Munich, Germany

Salvatore Siena, MD

Niguarda Cancer Center
Milan, Italy

Benjamin Levy, MD

Johns Hopkins Sidney
Kimmel Cancer Center
Sibley Memorial Hospital
Washington, DC, USA

Agenda:

18:45-19:00 CEST	Introduction to ADCs: Advancements in the Treatment of Solid Tumors with ADCs	Johann de Bono, MBChB, FRCP, MSc, PhD, FMedSci
19:00-19:20 CEST	Recent Clinical Data With ADCs in NSCLC	Benjamin Levy, MD
19:20-19:40 CEST	Latest Findings From Clinical Trials in Breast Cancer With ADCs	Nadia Harbeck, MD, PhD
19:40-20:00 CEST	Novel Clinical Experiences With ADCs in CRC and Gastric Cancer	Salvatore Siena, MD
20:00-20:15 CEST	Live Q&A Session	Faculty Panel
